PRESENTED BY

Somersworth(N.H.)City Clerk

Clement P. Roy, Mayor

Forty-Second Annual Report

OF THE

Municipal Government

OF THE

City of Somersworth, N. H.

FOR THE

Financial Year Ending Feb. 28, 1935

60121

MAYOR'S INAUGURAL ADDRESS

Gentlemen of the City Council:

In the year 1893, the Town of Somersworth was granted a charter, agreeable to the laws of the State of New Hampshire, thereby establishing it as a municipality. Under the provisions of this charter, the Mayor and City Council shall meet on the third Tuesday of March of each year, for the purpose of taking oath of office and perfecting their organization. Due to such requirements, we are assembled today to accept the duties and responsibilities of the offices to which we have been elected, by the citizens of our city.

Upon assuming the encumberances of my office, to which I have been elected, I believe that it is just and proper, to extend to the citizens of Somersworth, my sincere appreciation and gratitude for their liberal expression of the public endorsement of their confidence and faith placed in me, bestowing upon me the highest office possible within their jurisdiction.

I wish to impress upon you, gentlemen, that irrespective as to the length of time you have served as Councilmen, the responsibilities of your office and the proper execution of your duties, ever mindful of the obligations with which you are bound by oath to fulfill for the best interests of your city, is in no way different than the efficient management of any business enterprise. For, as a matter of fact, we are the representatives of our citizens and the governing authority of a municipal corporation, with honor and credit for our successful achievements, or criticism and distrust upon failure.

In justice to the people of our city in selecting us

as incumbents of these positions of trust, serious thought must be given to all matters brought before us for consideration, notwithstanding how trivial they may be. Your successful disposal of minor questions will invariably be a forecast of your judgment in matters of greater importance. To maintain the high degree of perfection which has distinguished this honorable body in the past, it is an essential and important factor that the spirit of unity of purpose prevail at all times. This goal can be attained and success crown our achievements, by your unbiased and unlimited cooperation, which I shall expect from each and every one of you. You can rest assured of receiving mine at all times, in any and all decisions which will reflect credit upon you at the termination of a successful administration for the welfare of our citizens. Otherwise we will be violating a most sacred trust vested in us.

According to the figures presented by the City Clerk, I find the financial standing of the city to be as follows:

FINANCIAL STATEMENT, MARCH 1, 1933

High school bonds	$90,000.00
Highway improvement bonds	56,000.00
Refunded water works and general int-debtedness bonds	8,000.00
Refunded miscellaneous bonds	3,000.00

Richard Royal Eastman fund	100.00
Total assets, March 1, 1934	$61,974.35
Net debt, March 1, 1933	128,215.17
Net debt, March 1, 1934	136.866.99
Net increase in indebtedness, March 1 1934	$ 8,651.82

Most, if not all of you, are somewhat familiar with various legislative measures which are pending in Congress. It is fair to assume that others may be enacted by the State Legislature which will revolutionize economic conditions, thereby affecting federal, state and municipal finances. For these reasons just mentioned, I think it advisable to refrain from making any recommendations for any improvement during the coming year; however, I believe it to be sound economy to preserve what we have acquired and to dispose efficiently of problems for the highest degree of interest and welfare of our city, as they may appear for consideration. I will not sanction any expenditure which will result in an unnecessary and unwarranted increase in our tax rate.

Having attempted to bring to your attention some of the responsibilities which rest upon you, I am not unmindful of the honor and integrity with which you have been endowed by your constituents, you will prove to be officials able to accomplish all the requirements pertaining to your offices, leaving no uncertainty that the ensuing year will terminate with a prosperous fulfillment of your undertakings.

MUNICIPAL ELECTION

March 13, 1934

RESOLUTIONS

Somersworth, N. H., February 5, 1935.

Resolved: That the Committee on Finance be and hereby are authorized and empowered to transfer from any department that may have an excess of appropriation or from any money remaining in the treasury, not otherwise appropriated and apply to such department as may have expended more than the appropriation therefor.

Passed February 5, 1935.

Somersworth, N. H., February 5, 1935.

Resolved: That Section 4 of Article IX be amended by striking out the words one and one-quarter per cent; and inserting the words Eighteen Hundred Dollars, so when section as amended will read as follows: Section 4. The Collector of Taxes shall receive for his compensation for the year 1934 Eighteen Hundred Dollars, payable semi-monthly.

Passed February 5, 1935.

Somersworth, N. H., March 8, 1934.

Resolved: That the Committee on Finance be and hereby are authorized and empowered to borrow in anticipation of taxes, to meet current expenses in such amounts and at such times as may be deemed advisable, at the lowest rate of interest obtainable; the sum of all amounts so borrowed not to exceed Five Thousand Dollars ($5,000) and that the proper officers of the City be authorized to give the City's notes or note therefor. All debts so incurred under authority of this resolution are hereby expressly

made payable from the taxes of the current municipal year.

Passed March 8, 1934.

Somersworth, N. H., March 8, 1934.

Resolved: That the Committee on Finance be and hereby is authorized and empowered to purchase a tractor and snow-plow. The expenditure incurred for said purchase not to exceed the sum of Fifty-three hundred ($5,300) dollars.

Passed March 8, 1934.

Somersworth, N. H., March 20, 1934.

Resolved: That the Committee on Finance be and hereby is authorized and empowered to borrow in anticipation of taxes, to meet current expenses in such amounts and at such times as may be deemed advisable at the lowest rate of interest obtainable; the sum of all amounts so borrowed not to exceed One Hundred Thousand ($100,000) Dollars and that the proper officers of the City be authorized to give the City's Notes or Note therefor. All debts incurred under authority of this resolution are hereby expressly made payable from taxes of the current municipal year.

Passed March 20, 1934.

Somersworth, N. H., April 3, 1934.

Resolved: That the Collector of Taxes for the year 1934 be authorized and empowered to allow interest on taxes for the current year, at the following rates, excluding payments on poll taxes: April 1st to April 30th, 4%; May 1st to May 31st, 3%; June 1st to June 30th, 2%; July 1st to July 31st, 1%.

Passed April 3, 1934.

Somersworth, N. H., April 10, 1934.

Resolved: That the Committee on Fire and Finance jointly be authorized and empowered to expend such sum or sums of money as may be deemed advisable, for the best interests of the City, for the purchase of a fire truck to be used in extinguishing brush fires or fires of like nature, which does not require the use of the larger pieces of fire apparatus and the sum of all amounts so expended not to exceed fourteen hundred dollars ($1,400).

Passed April 10, 1934.

Somersworth, N. H., April 17, 1935.

Resolved: By the City Council of the city of Somersworth, that, as the City Government of said Somersworth, it votes in favor of a permit to druggists for the sale of liquor in said city for medicinal, sacramental, scientific and mechanical purposes, under the provisions of Section 9, of Chapter 99 of the Laws of 1919., entitled "An Act to amend Chapter 147 of the Laws of 1917, relating to intoxicating liquor."

Passed April 17, 1934.

Somersworth, N. H., June 5, 1934.

Resolved: That the Committee on Finance be and hereby are authorized and empowered to expend the sum of, not exceeding One Hundred and Fifty Dollars, not otherwise appropriated, for the purpose of maintaining Somersworth's share of the F. E. R. A. Employment Bureau, for the best interest of the City.

Passed June 5, 1934.

PETITIONS

Somersworth, N. H., April 3, 1934.

To His Honor, the Mayor, and City Council

Gentlemen:—Your undersigned petitioner, in behalf of the Holy Trinity Parish, respectfully petitions your Honorable Body for a rebate on the rental of the Opera House on the night of March 16th last, when a stage play, "Smiling Thru,,' was presented, under the auspices of said parish and the proceeds of which are to be used for charitable purposes.

Respectfully,

Joseph F. McKeon.

The foregoing petition was granted at meeting held April 3, 1934.

Somersworth, N. H., April 10, 1934.

To His Honor, the Mayor, and City Council:

Gentlemen:—We, the undersigned members of the St. Martin's Choir of St. Martin's Church, do hereby petition your Honorable Body for an abatement on the rental of the Opera House from the amount charged, to the cost of maintenance, for the performance of the operetta on March 2, 1934.

Signed:

Blanche M. Guilmette, Treas.,
Clair A. LaBonte, Sec.,
Arthur Lapointe.

The foregoing petition was granted at meeting held April 10, 1934.

Somersworth, N. H., April 10, 1934.

To His Honor, the Mayor, and City Council:

Gentlemen:—Your undersigned petitioner respectfully petitions your Honorable Body to erect an electric barber sign, to hang from building at No. 58 Green Street.

Respectfully submitted,

Noel C. Chasse.

The foregoing petition was granted under the supervision of the Street Commissioner on motion of Councilman Vincent.

Somersworth, N. H., April 16, 1934.

To His Honor, the Mayor, and City Council:

Gentlemen:—Your petitioner respectfully petitions your Honorable Body for permission to sell liquor for bona fide medicinal use on the prescription of a regular physician, who is practicing his profession in this state, such sales to be made in accordance with law providing therefor.

Respectfully submitted,

Alderic J. Vachon, Reg. Pharmacist.

On motion of Councilman Dumais, the foregoing petition was granted.

Somersworth, N. H., April 24, 1934.

To His Honor, the Mayor, and City Council:

Gentlemen:—The members of the American Le-

gion and the Veterans of Foreign Wars, respectfully petition His Honor, the Mayor, and City Council of the City of Somersworth, that a suitable memorial be erected to the memory of the citizens who so honorably represented their city in the various wars of the United States; and that the location of this memorial shall be in such part of the city that it shall reflect credit on those who participated in the various conflicts and, at the same time, shall do credit to our city and to those responsible for its erection.

Respectfully submitted,

John E. Gallant,
Henry P. Mullen,
Arnold Legere,
Committee of the American Legion.

Arthur Bernier,
Harry Ricker,
William Blanchette,
Committee of the Veterans of Foreign Wars.

On motion of Councilman Lagueux the Committee on Finance was appointed to meet the Committees as appointed by the American Legion and Veterans of Foreign Wars, respectively, and report back at the next meeting.

fully request your Honorable Body for a permit to erect a sign at my place of business located at 58 Market Street. Said sign to be approximately 24 inches by 18 inches and to overhang the sidewalk.

Dumais Bros., by Roland Dumais.

On motion of Councilman McKeon the foregoing petition was granted.

Somersworth, N. H., January 28, 1935.

To the Board of City Council of the City of Somersworth, N. H.

New England Telephone and Telegraph Company respectfully petitions your Board to locate and remove a route for its poles and wires and cables thereon, and the necessary supporting and strengthening fixtures and wires, and grant a license therefor in the following public ways of said municipality:

Locate

Poles on Maple Street northwesterly side, from West High Street northerly.

Poles on Maple Street southeasterly side, at a point approximately 650 feet from West High Street southerly.

Remove

Poles on Maple Street, northeasterly side from West High Street northerly.

Poles on Maple Street, northwesterly side, at a point approximately 650 feet from West High Street, southerly.

New England Tel. & Tel. Company by G. E. Wright, Plant Supt.

On motion of Councilman Deshaies the foregoing petition was granted.

ANNUAL REPORTS

OF THE

Several Departments

OF THE

CITY OF SOMERSWORTH

FOR THE YEAR

ENDING FEBRUARY 28, 1935

REPORT OF CITY SOLICITOR

To His Honor, the Mayor and the Honorable City Council:

Gentlemen:—I submit herewith my report as City Solicitor for the year ending February 28, 1935.

During the past year, the city has been involved in no litigation either as party plaintiff or party defendant.

The majority of cases betore our municipal court were for the violation of automobile laws.

We have had but few cases before our Juvenile Court. However, the fact that a great many of our youth are at present unemployed presents a question which should command our very serious consideration.

In many cities and towns various means are devised for occupying the minds of the young people who fail to find employment. All steps in that direction are beneficial in preventing crime among our young people.

At the last session of the Legislature a bill providing for a probation system was presented, but failed to be enacted chiefly because of the expense involved.

While our Juvenile Court in this city is a good one; nevertheless, we should be concerned in keeping it so, and to do everything possible to either find employment for our youth, or devise some means of keeping their minds occupied while unemployed.

Respectfully submitted,

THOMAS J. MCGREAL,
City Solicitor.

CITY CLERK'S REPORT

Somersworth, N. H., February 28, 1935.

To His Honor, the Mayor, and City Council:

Gentlemen:—I herewith submit my report for the fiscal year ending February 28, 1935:

Respectfully submitted,

JOSEPH BOURQUE,

Sanitary Officer and Secretary
of the Local Board of Health.

STREET COMMISSIONER'S REPORT

Somersworth, N. H., March 1, 1935.

To His Honor, the Mayor, and City Council:

Gentlemen:—In accordance with the provisions of the City ordinances, I herewith submit my fifth annual report for the fiscal year ending February 28, 1935.

STREETS

All streets have been kept clean, and also all highways cleared of stone, or other matter, liable to impair good traveling, and put in good condition, and where grading was necessary, improvements have been made.

All trees in the city that were useless were cut down.

The streets that needed tarvia most in the city were oiled and sanded.

We gravelled Pearl and Hanson streets and laid curbing on Hanson street from the residence of J. Casgrain to the residence of J. Houle.

We also laid curbing on the easterly side of Locke avenue and gravelled same from curb to curb and also gravelled Myrtle street from Albert Blanchette's residence as far as Joseph Gosselin's residence and laid curbinb on both sides so as to widen same out from curb to curb.

We also gravelled Summer street and filled in the gutters on Mt. Vernon street, also gravelled Winter street from Page street up to Rocky Hill so-called.

We gravelled the old Salmon Falls road from Eddie bridge to top of hill near residence formerly owned by Kirk Worster.

I would recommend gravelling Lincoln, Fayette and Ford streets.

Respectfully submitted,

EDWARD G. LETOURNEAU,

Street Commissioner.

FIRE CHIEF'S REPORT

Somersworth, N. H., March 1, 1935.

To His Honor, the Mayor, and City Council:

Gentlemen:—I herewith submit to you my second annual report of the Fire Department.

ORGANIZATION

Chief—John O'Neil
Ist Deputy—George Berry
2nd Deputy—Charles Deshaies

DEPARTMENT

Captain—Napoleon Couture
Ist Lieutenant—Harold Hodsdon
Clerk—John R. Hodsdon

DRIVERS

Arthur Nadeau, Ernest L. Heon
Joseph Leteran, Alfred Plante,
Harold Hodsdon

MECHANIC

Eugene J. Morin

COMMITTEE ON FIRE REPARTMENT

Arthur Vincent
Ernest Tanguay
Arthur Lemelin

APPARATUS

One American LaFrance Triple Combination hose, pump and chemical.
One American LaFrance City Service truck, ladder and chemical.
One Ford V-8 Combination Pump and hose.
One hand-drawn emergency hose and reel.

One hundred twenty-one alarms were responded to, including general, still and telephone calls.

Thirty-nine permits to burn grass, leaves, etc., were issued.

Five drills are held regularly in the schools.

Chemicals in the public buildings are kept charged and located where easy to get at, if needed.

Woodlands are kept posted with forest fire warnings, and closed during dry spells.

Inspections to eliminate fire hazards are conducted.

Traffic conditions at the time of a fire alarm are handled with the cooperation of the police department The dry spell, during the summer months, resulted in a large number of alarms for grass and brush fires. These, with other alarms, and telephone calls investigated, have made the past year quite a busy one.

Respectfully submitted,

JOHN O'NEIL,

Fire Chief.

SOMERSWORTH FIRE ALARM BOXES

3 Central Park.
5 Depot and Union streets.
6 Main and Franklin streets.

2-2-2 House call.
4 Out of town and brush fire.
1-1 No School Signal.
Morning, 7.30-7:45.
Afternoon, 12:30-12:45.

GENERAL RULES

Firemen as well as citizens should familiarize themselves with the following rules for giving alarms of fire.

1. Never pull a box for a fire seen at a distance.
2. Never pull a box while the alarm bells are ringing, not until a box has completed its four rounds. Two boxes cannot operate together, and neither will work if two are pulled at the same time. Never pull two alarms of two boxes for the same fire.
3. To ring in an alarm, break the glass in the key-box and open the outside door with the key. Pull down the brass crank seen inside, till it stops, then let go. Then let the box alone. The clock will be seen or heard to be running, and the alarm will follow in half a minute or so. Close the door, but do not try to remove the key, as it is locked in track lock and can only be removed by a release key, which is carried by each engineer, who will, as soon as convenient, release and return it. Remem-

ber that the firemen will come directly to the box which has been pulled, and be sure that someone stays at the box to direct them to the fire.

4 Never pull an alarm for a fire seen at a distance. Never touch a box except to give an alarm of fire. Give an alarm for no cause other than actual fire. Don't give an alarm for a chimney fire.

REPORT OF TAX COLLECTOR

Somersworth, N. H., February 28, 1935.

JOSEPH O. PAQUETTE,
City Messenger.

REPORT OF THE TRUSTEES OF THE SOMERSWORTH PUBLIC LIBRARY

Somersworth, N. H., March 1, 1935.

To His Honor, the Mayor, and City Council:

Gentlemen:—The Trustees of the Public Library respectfully submit the report of the Librarian for the year ending February 28, 1935.

We feel that our library has done grand work during the past year, considering the small appropriation with which we have had to carry on the work. In submitting our report for the year just closed we would call attention to the constant use of the facilities of our Public Library and the continued demand for new books which are of vital importance for the success of any library.

Mrs. Savithes' report will be found interesting, showing as it does, an appreciation of the opportunities for reading and study offered by the library.

Respectfully submitted,

HENRY P. MULLEN,
THOMAS J. MCGREAL,
NAPOLEON A. HABEL,
JOHN R. HODSDON,
HENRY C. HARDEN,
ALFRED J. BOUCHER,

Trustees of the Somersworth Public Library.

REPORT OF THE LIBRARIAN OF THE SOMERSWORTH PUBLIC LIBRARY

To the Trustees of the Somersworth Public Library:

Gentlemen:—It is my pleasure to present the annual report for the year ending February 28, 1935.

The Public Library has doubtless meant more to many of our people the past year than ever before. It has been evident that our borrowers, many of them without employment, have taken advantage of the opportunity to read, both in the way of education, and to take their thoughts off their troubles and thus acquire a happier frame of mind.

It has been a busy year, and the book resources have been drained to the utmost to meet the circulation. At times it has been seemingly impossible to find a western story or a mystery story, the two most popular types, on the shelves.

The total circulation for the year was 36,037, which means that over 72,000 books passed back and forth across the charging desk of this library in one year.

We added 459 new books during the year; among the new volumes added, you will find books which people in larger cities are reading and which are reviewed and recommended by the expert critics of the year. They were not carefully selected and ordered, but when received they were classified, catalogued and then listed in the Somersworth Free Press; all the cards for the card catalogue were typewritten here in the library, instead of buying those printed by the Library of Congress, so the expense was lessened, and at the same time, the card catalogue has been kept strictly up to date.

The following statistics will show something of the work we have done in the past twelve months.

Number of volumes accessioned 459

Number of volumes in the library March 1, 1935	17,051
Number of volumes rebound	131
Number of volumes of non-fiction loaned	6,216
Number of volumes of fiction loaned	29,821
Total circulation	36,037
Number of books loaned to children	4,752
Number of volumes covered and repaired in the library (this does not include hundreds of books in which torn pages were mended and loose leaves pasted)	140
Number of new borrowers registered during the year	199
Number of borrowers' cards in force, March 1, 1935	3,478

The 36,037 books which we loaned were divided into classes as follows:

General works	92
Philosophy, psychology	117
Religion	70
Social sciences	654
Language	39
Natural sciences	311
Useful arts	493
Fine arts	541
Literature, poetry, essays	586
History	287
Travel	499
Biography	461
Current magazines	1,691
Pamphlets	95
Fiction	29,821
Books in French	276
Pictures	4
Total	36,037

I wish to thank the Trustees for support given to the Librarian in conducting the affairs of the library during the year.

Respectfully submitted,

MRS. LEONA H. SAVITHES,
Librarian.

AUDITORS' REPORT

For the Fiscal Year Ending February 28, 1935

To His Honor, the Mayor and Gentlemen of the Council:

The Auditors respectfully submit their report for audit of fiscal year, March 1, 1934, to February 28, 1935.

We have verified and approved books and reports of Treasurer, City Clerk, Tax Collector, Water Department, City Messenger, Superintendent of Cemetery and Clerk of Court.

We found Treasurer, City Clerk and Tax Collector properly bonded and their bonds on file with the City Clerk.

We found checks drawn and not presented for payment to the amount of $3,131.96.

We found money due the city in the amount shown, from the following sources:

Rent of Opera House	$ 20.00
Unpaid taxes	23,522.86
Unpaid water bills	16,660.67
Unpaid cemetery accounts	822.45
Total	$41,025.98

Respectfully submitted,

RALPH L. TEMPLE,
MARY CRAY O'CONNELL,
Auditors.

May 17th, 1935.

Deposited with city treasurer by Harold P. Reynolds	188.02

Approved:

RALPH L. TEMPLE,
MARGARET CRAY O'CONNELL,
Auditors.

REPORT OF SUPERINTENDENT

To The Board of Water Commissioners;—

Gentlemen:—I herewith submit my annual report for the year ending February 28, 1935.

The hydrants have been flushed several times, and the hydrants, located at dead end lines, flushed at least once a month.

The filter bed has been cleaned twice, and the sand washed, and returned, to assure proper filtration.

During the cold weather, we had very few frozen pipes, and only one serious one, located on the two-inch line, from West High street, to the Forest Glade cemetery. This, however, has been properly taken care of, and the old, inadequate two-inch line replaced by a four-inch line, laid at a depth of six feet. There were several minor leaks attended to. The most important of these were three leaks in the sixteen-inch main, on Rochester street; one leak in the twelve-inch main on Market street; one leak in the four-inch main on Summer street; also several broken services. We have renewed thirty-four old iron services with new copper pipe.

The Water Project, recommended by the State Board of Health, which has given at least a hundred local men employment for several months, is nearly completed. On February 18, 1935, the first water from the new source was pumped into the system, and, in a very few hours, the stand pipe was drained, and our citizens were enjoying the new water supply.

The pumps at the Pumping Station are installed, and it remains only for the men in charge to make the necessary hookups, thereby completing one of the finest water systems in New England.

Respectfully submitted,

HAROLD P. REYNOLDS,

Superintendent.

CEMETERY TRUST FUND

Donations and legacies held by the city for the care of graves and lots, avenues and monuments in Forest Glade cemetery, deposited in Somersworth Savings Bank as a cemetery trust fund, up to March 1, 1935.

Forty-First Annual Report

OF THE

SCHOOL BOARD

OF THE

City of Somersworth, N. H.

July 1, 1933 to June 30, 1934

DEPARTMENT OF PUBLIC INSTRUCTION
1933 - 1934

Haven Doe, Chairman Edward McKeon, Secretary

MEMBERS

Ward 1—Michael O'Malley, term expires March, 1936.

Ward 2—Mrs. John R. Uniack, term expires March, 1934.

WARD 3—Albert A. Bisson, term expires March, 1934.

Ward 4—Edward L. Flanagan, term expires March, 1934.

Ward 5—James Perreault, term expires March, 1935.

His Honor, Peter M. Gagne, Mayor, ex-officio.

Appointed by City Council—Edward McKeon and Haven Doe, terms expire March, 1935, Clement P. Roy and Archie L. Jacques, terms expire March, 1935.

Meetings—Third Wednesday in each month. Annual meeting first Tuesday in April.

SUB-COMMITTEES

Finance—Roy, Perreault, Jacques.

High School—Flanagan, McKeon, Doe.

Fuel—Bisson, Doe, Roy.

Elementary—Jacques, Mrs. Uniack, Perreault.

Text Books—Mrs. Uniack, O'Malley, Bisson.

Repairs—Doe, Gagne, O'Malley.

Athletic—Gagne, McKeon, Flanagan.

In March, 1934, Mrs. John R. Uniack, Mr. Albert A. Bisson, Mr. Edward L. Flanagan and Hon. Peter M. Gagne were reelected and Hon. Clement P. Roy became Chairman. Committees remain the same.

REPORT OF THE SUPERINTENDENT OF THE SOMERSWORTH PUBLIC SCHOOLS

To the Members of the School Board, Somersworth, New Hampshire:

I take pleasure in presenting my sixth annual report. This year has been full of minor difficulties for all concerned with the schools, but everyone has given the same loyalty and devotion, although realizing that they were carrying heavier loads for less money and on a rising market. They should have their salary cuts restored just as soon as the conditions warrant.

The average membership in each room containing grades 4, 5, 6, 7, and 8 has been forty pupils. (See Table of Statistics.) The employment of another teacher would not relieve the difficulty unless such a teacher was assigned a mixed grade.

The enrollment has been very steady during the year and should remain so for the next year unless new industries bring in more families. The high school opened with the largest enrollment in its history. We do not anticipate any larger enrollment next year. Twenty-seven graduated from the high school on June 14, and thirty-nine from the eighth grade of the Chandler School.

According to usual custom reports are included from the Headmaster of the High School, the Teacher of Home Economics, the Teacher of Mechanic Arts and the school Nurse. The report of the Teacher of Drawing is omitted owing to her illness. It is confidently expected that she will resume her duties in September. These reports show somewhat in detail the work accomplished, but do not give any adequate account of the little things done for the good of the schools, such as installing book shelves, mak-

ing minor repairs about the building, mending flags, making posters, etc.

The nurse is to be highly commended for the good work which she has carried on. The Federal Government has furnished milk freely this year and its distribution has been in charge of the teachers and nurse, who has likewise supervised its distribution in the parochial schools. In the public schools crackers have been furnished from the local Public School Health Fund. His Honor, Peter M. Gagne, kindly cooperated with this department in allowing us half of the proceeds from the advance sale of tickets for the film picture "Alice in Wonderland." This generous act should be appreciated, as the money was a real and needed contribution and His Honor made no money on this picture.

In a financial way the schools have made a good showing. It does not seem as though it would be possible to maintain the same standards without an increased expenditure next year. All materials, books, and equipment for the Chandler School during the past year were purchased from the Fire Insurance and this is no longer available. Moreover, books and supplies are increasing in cost month by month. As far as possible your Superintendent has anticipated this and has already ordered most of the supplies for next year. We are teaching economy and practicing economy, but we must not make the mistake of going so far that we take from our children that which in later life will make them reproach us. A good public school education which prepares a person for a happy, healthful, and useful life must be demanded for every boy and girl. Educational opportunity must not be curtailed. As Supt. Rundlett of Concord says in his report—"It is confidently expected that good sense will prevail over hysteria and that public education will still be the one saving element in continuing democracy."

But little change is being made in the program of studies for your high school. Biology is being added as an elective science in the second year. The economic changes now going on are bound to affect our program in the next few years. We have been stressing the need of industrial training and it looks now as if we must also train pupils more for the "wise use of leisure," and to make them realize that it takes just as much perspiration now as ever before to bring about success. Music, Art, Literature and Physical Activities of a healthful nature must be brought into more prominence and made an integral part of education.

In January an evening school for adults was opened at the High School. It started with two hundred and sixty pupils the first month and had one hundred and sixty-five at the close of the thirteen weeks' session. The teaching of this school was financed by the Federal Government through our State Board of Education and unemployed qualified teachers were engaged. The only cost to the city was for janitor and fuel, estimated at not over two hundred dollars. The school was a worthwhile project and those who attended regularly profited from the instruction. It proved to be an opportunity for many to profit from leisure hours enforced upon them and the effect from a psychological standpoint was good. The school was opened for five nights each week from 7 to 10 o'clock with hourly sessions most of the time. The classes alternated their nights so that in one week three sessions were held and the next week two sessions. Classes were formed in the following subjects: Beginning English; Elementary English; Advanced English (for High School and College graduates); French; General Science; Chemistry, Beginning and Advanced; Business Arithmetic; Algebra; Geome-

try; Sewing, Beginning and Advanced; Cooking, Beginning and Advanced; Beginning Bookkeeping; Advanced Bookkeeping; Typewriting and Shorthand, both Beginning and Advanced, and Public Speaking. No classes were formed in Mechanic Arts or Electricity because of lack of room and teachers. Both of these subjects were much desired.

As this report is being written, work has begun again on the renovation of the interior of the Burleigh building. New floors are being laid in all the rooms and the ceilings and floors refinished. All labor is paid for out of Federal Funds, the project having started under the CWA, but too late for completion. It has been necessary to hold one session in this school for about three weeks.

Somersworth is fortunate in its heating plants. No time was lost in any school due to lack of heat. During the excessive cold of the past winter we knew that many children were better off in our warm school buildings than they would have been in their own homes, and for this reason schools were maintained. There is one exception in regard to heat and that is the gymnasium at the high school. This room has never been heated properly. Pupils have played and practiced here when it has been dangerous to health and during the cold weather it cannot be used as an assembly hall. Those who know, tell us that the only way proper heat can be supplied is by the installation of more radiation.

Annually the Society of the Sons of the American Revolution has awarded a medal to that pupil who, by vote of his classmates, has best exemplified good citizenship during the last year in the elementary school. This year's medal has been awarded to James Marouthis, a native of Greece, who has been in this country only a little while. His teach-

ers heartily agree that the pupils used excellent judgment in their selection of this boy for this signal honor.

Public exercises commemorating Armistice Day and Memorial Day were held in all schools. Owing to large enrollments the teachers made these exercises simple and no public exercises to raise money for the Public School Health Fund were attempted.

On the annual Scholarship Day held at the normal schools of Plymouth and Keene, Somersworth placed second in Chemistry with Franklin first and Dover third.

Standard Graduation examinations have been given to the eighth grade. The expected median passing mark was 125 and Somersworth's median was 152. Miss Betty Collins received the high mark of 215.

The legislature of 1933 decreed that ten superintendents should be dropped before it met again in 1935. Five Unions were discontinued last year and five more have been eliminated this spring. Twenty-six Unions have been affected by the change this year and Milton has been added to this Union. Nobody likes it. It means that those Unions which have had close supervision will now have to get along with less. It is a step backward and in the opinion of the writer this State is paying dearly for clerks and chauffeurs. I hope that this city will not feel that its superintendent is shirking his duty if he is not found so often in his office and is unable to take part so freely in those social and fraternal affairs which ought to be a help to the city and a pleasure to the participant.

All the school districts of the Union contributed to the extent of half of my expenses to the National Education Association, Department of Superintendence, held at Cleveland the last week in February. The meeting was very inspirational. On the return

trip I visited a high school in Erie, Pennsylvania, and spent an entire day at the second largest high school in the country, the James Monroe High School in the Bronx of New York. I am convinced that the schools of New Hampshire are not lagging behind.

Respectfully submitted,

HOWARD L. WINSLOW,
Superintendent of Schools.

REPORT OF HEADMASTER OF HIGH SCHOOL

To the Superintendent of Schools and Members of the School Board:

Your High School report for the current year will discuss, primarily, the changes which educational progress has decreed for secondary schools; and secondly, the necessity for a more efficient type of directional influence, technically known as a guidance program, for the boys and girls who are attending the High School.

In the early days of public high schools the cultural side of life was stressed, both in high school and in college, chiefly because both of these institutions prepared boys either for law, medicine, or the ministry. And this cultural training, intended as it was, solely for the professions had, for its backlog, the ancient languages, Latin and Greek. In those days no one was stamped with the collegiate seal of approval who could not quote the classics fluently and no subject was included in the curriculum which could not be found either in Homer or in Aristotle.

But as styles change in clothing so, too, they are altered to fit the current trend in education. Our tremendous economic development is demanding something of our young people other than culture. With its more materialistic outlook on life it is demanding subjects whose sole sanction is found in their utility. As a consequence ancient languages are fast disappearing from the schools. Social sciences and natural sciences have crowded them from the picture.

This is not the place to discuss the soundness or even the desirability of such a change. The fact remains that it is here and time alone, in its passage,

will prove or disprove its worthiness. In the past we have tried to adjust ourselves and the school to the trend of the times and so we must continue to do in the future.

Consequently, in developing a program of studies it is necessary to look to a unified and comprehensive embrace of subject matter which shall carry through all four years. Some of our curriculums have lacked one subject, some another; but these defects we have been trying to remedy from year to year. In Science, for instance, there is a gap in the tenth grade which this year we hope to eliminate by introducing Biology so that we will have a consecutive course in science from the ninth to the twelfth grade.

In the near future it may be necessary to supply such stop-gaps in History and in those courses which relate to business administration. We have already unified our Math course so that with the introduction of Biology this year our subjects, other than languages will be as follows:

Grade 1X	Algebra	General Science	Ancient History
Grade X	Plane Geometry	Biology	
Grade XI	Advanced Algebra	Physics	Modern History
Grade XII	Trigonometry	Chemistry	American History

As to the directional influence which the headmaster and teachers must exert over the pupils it is necessary, under any guidance program, to make a study of individual pupils and individual differences. The headmaster must hold conferences with his pupils, talk with them one by one, in an endeavor to discover ambitions, innate abilities and the possibilities of the pupils to attain the one and develop the other. This procedure involves a tremendous amount of work in noting and tabulating details and filing data for each pupil. Still the effort has its reward, for there is no question but that the pupil with a defi-

nite goal ahead will derive much more benefit from his course than one who drifts along aimlessly with no mark to guide him and nothing to chart his way.

Now all this responsibility rests essentially with the headmaster. The work is administrative in its nature and can be done by him alone. To some extent all the factors which contribute to the success of such a program have already been utilized, yet much remains to be done. For some years we have maintained for all our pupils a health record, a personal record, and an activities record. These records, however, can be no substitute for the personal interview between the headmaster and the pupil. Each member of the ninth grade should be interviewed before the expiration of the first term. This should be repeated before the end of the year and again each year until the pupil graduates or withdraws from school.

The mere adoption of a full and complete guidance program will not eliminate all of our pupil problems. To discover why some children are in high school would require far more time and research than is at the disposal of your teaching staff. This is especially true since, under the various codes, employment is refused to those under sixteen years of age. Yet if something can be done for just one of this group the system would be worth while. Your school was established for the benefit of all, and no greater credit can accrue to a high school than that it should be able to help the less gifted as well as those who have been blessed with many talents.

Before closing we record, with pleasure, the creation of a trust fund of one hundred dollars by Miss Mary Eastman of Chesterfield, Mass. It is the wish of the donor that the income from this fund be given yearly to the graduate having the highest scholastic average for the four years. This prize is to be known

as the Richard Royal Eastman Prize. For her generosity and goodwill to the school Miss Eastman will be remembered with heartfelt gratitude.

We also remember, with due appreciation, the very acceptable gift presented to the school by the class of 1933. This token of their esteem has been found useful in many ways and again we wish to thank them for it.

Respectfully submitted,

JOHN R. UNIACK,
Headmaster of the High School.

REPORT OF THE SCHOOL NURSE

To the Superintendent of Schools, Members of the School Board and Citizens of Somersworth:

I wish to submit my annual report as school nurse for the year ending June 30, 1934.

Number examined	1,309
School treatments	90
Home visits	525

Findings of physical inspections:

Defective teeth	606	Treatments	319
Defective vision	153	Treatments	29
Defective tonsils	341	Treatments	41
Underweight	194	Treatments	46
Cardiac disease	6		
Pulmonary disease	6		
Anemia	9		

Communicable diseases found and persons temporarily excluded from school:

Chicken pox	79
Measles	74
Whooping cough	86
Pediculosis	33
Skin disease	3
Typhoid	1

I believe that the five following items are the most interesting and outstanding events of the current school year.

Perhaps first in importance was the providing of milk by the State for the undernourished children in our schools. This milk was distributed daily to those who, in my opinion, needed it. It is hard to predict the amount of good that this act accomplished, but I can vouch in several cases on many days it was the first real nourishment that some of the pupils re-

ceivd. It is obvious to see that if society continues to provide free milk for the undernourished children in the future as it has done in the past that an unestimable amount of good will be accomplished and we will have better and healthier children.

The second item in importance was the Diphtheria Toxoid Clinic held on June 12th. Eighty-six children were given treatment. How much real benefit will be derived from this clinic?

I believe that statistics will best answer the question. During 1931 a similar clinic was held and not one single child inoculated at that time has been stricken with diphtheria. It is true that we have suffered a few cases of diphtheria in Somersworth since 1931, but if one looks to the record he will find that those children who contracted the disease did not take advantage of the toxin-anti-toxin treatment which was administered to the children at that time.

Perhaps an equally important clinic was held in May of this year when fifty underweight children were examined by Dr. Robert Kerr of Manchester, a T. B. Specialist. Dr. Kerr recommended that 40 of this group have their tonsils and adenoids removed. He also diagnosed one heart case, one nephritis case, two nasal cases, and in five cases recommended that extra effort be exercised to improve the health of the children in this group. The parents were notified of Dr. Kerr's findings and an effort will be made to carry out his instructions. If Federal Funds are provided for this purpose the tonsil and adenoil cases will be taken care of and the other cases will be given the proper attention.

The fourth item I mention was the distribution of 42 baskets of food to the needy families at Thanksgiving and Christmas time. This food was furnished by the school children for their fellow children. This act of charity cannot be measured in dollars and

cents. It means a great deal more. It means that we are training our school children to be responsible for the less fortunate and as future citizens to be willing to take up the good work of charity where some of the older people leave off.

The fifth and last is the collecting and distributing of clothing for the needy. This clothing was furnished by the school children and the Philanthropic Department of the Woman's Club and the Red Cross. It is not hard to see that the effort on the part of the women and children accomplished fruitful results even to the extent of keeping children in school. It was not uncommon to learn that certain children did not attend school due to lack of shoes or clothing. As soon as these cases were discovered clothing was furnished and the children were placed in school.

Through the splendid cooperation of the School Board, Superintendent, Teachers, Parents, Children, Citizens, local and visiting Doctors and Nurses, we have accomplished untold results and I wish to thank them for assisting me in this important work.

Respectfully submitted,

DOROTHY A. KAVANAUGH,
School Nurse.

REPORT OF MECHANIC ARTS INSTRUCTOR

To the Superintendent of Schools and Members of the School Board:

Woodworking has been given to the boys of the seventh, eighth, and special grades. The projects selected and completed this year were from modern furniture patterns, and working sketches were taken from catalogues and newspaper advertisements.

Each member was allowed to develop his own ideas and to make patterns which brought forth the principles of Mechanical Drawing. As in the past we have made repairs and constructed useful projects for the various local schools. The cost of these projects is for material only and comes from the department budget.

A new woodturning lathe was installed this year at a nominal cost; this allows the boys to make lamps, round table legs, and candlesticks which will give an additional variety of projects that can be made.

Mechanical Drawing was given two periods a week and such detailed working drawings as the "Wood-turning Lathes," "Band Saw," School Office, and Water Piping System were completed and placed on exhibition at the annual exhibition held in the high school.

Auto Mechanics was given this year to a class of eighteen. The tools and automobiles that were used are not adequate for such a class. I hope to be able to obtain at least two fairly modern cars to work on, as what we now use is about ten years old.

I wish to thank all those who have helped us throughout the year.

Respectfully submitted,

JOSEPH O. LAFOND,

Mechanic Arts Instructor.

REPORT OF THE DOMECTIC ARTS INSTRUCTOR

To the Superintendent of Schools and members of the School Board:

I respectfully submit my annual report of the work done in the Domestic Arts Department of the Somersworth Schools.

The seventh grade girls canned fruit and vegetables, made jellies and relishes. They prepared and served to parents and friends, six balanced meals suitable to the average home. Cost and nutritive values were considered. In sewing they made slips, kimonos, Christmas gifts, blouses and cotton dresses.

The special grade girls met with the seventh grade for this work.

The eighth grade girls canned fruits and vegetables, made jelly, relishes and pickles. They planned, prepared and served six balanced meals to parents and friends. Attention was given to nutritive values, methods of preparation, attractive service and costs. In sewing they made slips, nightgowns, pajamas, Christmas gifts, blouses and wash dresses. They also conducted a McCall dressmaking contest; prize ribbons were awarded to Elsie Freethy, Celopie Semitros and Evelyn Lamie.

The High School freshmen and sophomore classes studied foods and nutrition. They studied the composition and digestion of foods, their source, manufacture, marketing, storage and care. In the fall they preserved fruits, vegetables, relishes, pickles and made jelly. They planned, prepared and served twelve meals suitable for the average home. November fourth the sophomore girls spent in Boston, visiting the Faneuil Hall Market, Museum of Fine Arts, Franklin Park, Filene's and Jordan Marsh's stores. The second week-end in June they spent at Wells

Beach, again finding pleasure in sharing work and play.

The junior and senior classes studied the family and its members. This included home memberships, responsibilities, use of leisure time, home care of the helpless, infant and child care, clothing for infants, home nursing, first-aid and choice of vocations. Six in this group have already chosen nursing as their vocation.

In March an enjoyable get-together was held at the Chandler School with the program and refreshments in charge of the Domestic Arts girls.

A well attended exhibition of Manual Training and Domestic Arts was held at the High School May 24 and 25. Each department displayed their work in their respective rooms.

I wish to thank the Superintendent, Members of the School Board, Teachers, and Parents for their helpful cooperation during the year.

Respectfully submitted,

MILDRED C. CASWELL,
Teacher of Domestic Arts.

Membership cards in the Somersworth Woman's Club are awarded for high scholarship to Helen Collay and Isabelle Willett.

For general excellence and high scholarship the Richard Royal Eastman prize is awarded to Roland Gilbert Tremblay.

CLASS ODE

Dear old Somersworth High School, we're leaving you,
But to our Alma Mater we'll e'er be true;
We will follow your teaching through joy and pain,
And our work will be for you.
Soon we'll try for our places in Life's great test;
We'll win, for our ambition will know no rest;
Work, play, gladness, and pain,
Through the sunshine and the rain,
For you, Somersworth High School, we'll do our best.

To you, Somersworth High School, we say "Farewell"
While the memories of childhood around us swell;
We stand facing the future with valiant hearts,
While our love for you we tell.
Through the mists of the future we walk alone,
But your teaching will guide us where'er we roam.
Truth, faith, honor, and right,
All form your guiding light;
And you, Somersworth High School,
Will guide us home.

VITAL STATISTICS

for the

YEAR ENDING DECEMBER 31, 1934

Births

Births Registered in the City of Somersworth for the Year Ending Dec. 31, 1934

Date of Birth	Name of Child	No. of Child	Name of Father	Maiden Name of Mother	Birthplace of Father	Birthplace of Mother
